

How to Become a Nurse

Registered nurses (RNs) provide and coordinate patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their family members

1. What should kids know if they want to be a nurse someday too?

Registered nurses usually take one of three education paths:

- a Bachelor of Science degree in nursing (BSN),
- an associate degree in nursing (ADN),
- a diploma from an approved nursing program
- Registered nurses must be licensed.

2. What made you decide to be a nurse?

- Nurses are mentors and friends
- Nurses affect all aspects of life life.
- Nurses support each other.

3. How do you feel when your nurse day is finished?

- Grateful when their patient feels better
- Inspired by the responsibility
- Respectful of all living things and people

4. What do you like the most about being a nurse?

- Nurses get to know their patients
- Healing those who are sick
- Nurses are remembered.
